

Everyday fittings.
Thoughtfully selected.

Proposed launch catalogue

16 product types. 3 programmes. A focused starting range for Indian homes, retail counters and projects.

Edition: 11 September 2026. Proposed launch assortment. Final models, specifications, price and availability are confirmed in your quotation.

Cover: AI-generated bathroom design inspiration. It does not depict a manufactured CHROMITE model. Reference codes in this guide are proposal references, not confirmed stock-keeping units.

Everyday Essentials

Retail counters, replacements and practical home upgrades. Start with frequently needed water points and installation essentials.

REF.	PROPOSED PRODUCT TYPE	WHERE TO START
CE-01	Short-body bib cock	Wall water points
CE-02	Long-body bib cock	Wall points needing additional reach
CE-03	2-way bib cock	Two outlet requirements at one water point
CE-04	Pillar cock	Single-water basin installations
CE-05	Angle valve	Fixture water-supply control
CE-06	2-way angle valve	Dual fixture connections
CE-07	Health faucet set	Toilet-side spray with hose and holder
CE-08	Wall-mounted sink cock	Kitchen sink water points

Selection note

Confirm the fitting location, connection size and quantity. For health faucet sets, confirm the spray, hose, holder, supply control and operating requirements together.

All items are proposed launch selections. Final material, finish, dimensions, operating limits, packing, warranty, price and lead time require confirmation in the quotation.

Bathroom Comfort

Home renovations and coordinated bathroom selections. Build on the essentials with basin mixing and shower combinations.

REF.	PROPOSED PRODUCT TYPE	WHERE TO START
CC-01	Single-lever basin mixer	Hot and cold basin connections
CC-02	Tall basin mixer	Countertop basins, subject to height and reach checks
CC-03	3-in-1 wall mixer	Coordinated bath and shower outlets
CC-04	Overhead shower with arm	Everyday shower installations
CC-05	Hand shower set	Flexible showering with hose and holder

Selection note

Match the spout height and reach to the basin. Agree shower outlet positions, connection spacing and water-pressure compatibility before confirming a model.

All items are proposed launch selections. Final material, finish, dimensions, operating limits, packing, warranty, price and lead time require confirmation in the quotation.

Project Select

Builders, architects and quantity-based enquiries. Specify and sample before committing to a project quantity.

REF.	PROPOSED PRODUCT TYPE	WHERE TO START
CP-01	Kitchen sink mixer	Hot and cold kitchen connections
CP-02	Concealed diverter set	Planned concealed bath/shower installations
CP-03	Bath spout	Coordinated bath outlet selections

Selection note

Use a bill of quantities and installation drawings where available. Confirm samples and exact technical specifications before ordering concealed fittings or a bulk project quantity.

All items are proposed launch selections. Final material, finish, dimensions, operating limits, packing, warranty, price and lead time require confirmation in the quotation.

A coordinated bathroom.

Basin essentials

Pillar cock or basin mixer, with suitable angle valve connections. Final fittings depend on the basin and water supply.

Toilet-side essentials

Health faucet set with a suitable 2-way bib cock or angle-valve connection. Confirm pressure and connection compatibility.

Shower selection

Wall mixer or diverter, overhead shower and optional hand shower. Confirm outlet arrangement and in-wall requirements.

Before placing your order

Confirm model and material; finish and dimensions; mounting and connection sizes; pressure and flow requirements; package contents; applicable warranty and service terms; price, taxes, freight and dispatch estimate.

Need help?

Visit www.thechromite.com/catalogue to choose a proposed selection and send an enquiry. For product or order support, visit www.thechromite.com/support or call +91 80654 81362.

No online payment is taken. Warranty and replacement eligibility are confirmed against the relevant product and purchase terms.

Selected for practical demand.

This launch programme prioritises widely represented Indian tap and fitting categories. Retailer top-selling lists provide directional signals, not audited national market share. CHROMITE has no verified sales ranking for these proposed items.

Moglix - Bathroom taps

Retailer listings emphasise long-body taps, two-way bib taps and health-faucet combinations.

CERA - Crayon faucet range

Manufacturer range confirms breadth across pillar, bib, angle, sink and mixer product types.

Jaquar - Faucets

Category and selection reference for basin, bathroom and kitchen use.

Kohler India - Health faucets

Manufacturer reference for health-faucet sets and finishes.
